

NIDA IS WORKING FOR YOU

NIDA is constantly looking for more and/or better benefits for our members. Our parts program currently offers a 35% discount on most brands of parts, engines, short blocks, and transmissions. We are also lobbying Congress for passage of S.406 the AHP (Association Health Plan) Bill for our members. This however is a hands on project and our members must help us by sending letters to their representatives to help gain support for this bill. We also offer a variety of other services too numerous to mention in this limited

space.
